"The Story of L", is a recounting of a woman's odyssey that will make "The Story of O" pale in comparison. Stories within a story that will make readers hot with desire, wickedness, and envy giving them the impetus to overcome the repression of their most secret fantasies, prompting them to allow their desires to become realities... Trey loves her submissive heart, but he wants more from her.

He wants her to be his slave.

He arranges to offer her as a pledge to his secret society. L knows little of what she is about to experience, but she knows that Trey loves her and she wants to make him happy any way she can, even if it means enduring two weeks of slave training at The Inn. At The Inn, one of the Masters takes a special interest in L. He knows it could cost him his job, but something grips him deeply about her, driving him mad, and he too, wants her... to be his.
