alternate cover for B00JCJCP3A Sebastian Bellini is a man scarred by a tragic past. Successful and wealthy, he's learned to keep his heart behind stone walls until Mia McGuire walks into his life. Imprisoned by her low self esteem, Mia feels trapped in an abusive relationship and doesn't know what love is until she makes a devilish deal with the renowned Bellini, placing her as a pawn between him and Manny Travaris, her fiancée. Although, she and Sebastian have extreme opposite views on the very nature and meaning of love, it doesn't stop her from falling deeply in love with him. The hopelessness of Sebastian having the same feelings for her weighs heavy on her spirit, knowing he was just as damaged by life as she was. How could she think she'd be the one to save him when she was barely treading water herself.

When the Music Ends is the first book in the Bellini series. The second book, A Song Interrupted will be released in August, 2014.
