Groo is BACK And, oddly enough, that might not be the biggest disaster looming over the planet. It seems that things are getting hotter everywhere . .

. that is, in those places where it isn't getting colder than ever before The usual suspects - Sergio Aragonés and Mark Evanier - once again join forces to bring you a sidesplitting tale of the world's stupidest barbarian. Unfortunately, there might not be much world left by the end of their story "He's the same old Groo as always, just as stupid, just as destructive. Taking a little time off has not made him any smarter or dangerous " -Sergio Aragonés
