The way the author addresses intermittent fasting makes the entire book easy to follow. I just didn't realize that I can actually lose weight without the extreme dieting that I have seen some other diet programs recommending. The author also explained clearly on some of the mistakes many people make while trying to lose weight...I definitely will combine what I have learnt with exercises like jumping the rope and Yoga stretches to burn a lot more calories. I look forward to a slimmer self- Mary J Stutler I was blown away by the amount of details this book provides. The details, the explanations and facts, all very well summarized in their own topics. Best of all there are different types of fasting which are different in their own way.-Mark Honey You're About To Learn The Little Known Fat-Burning Secret That Fitness Gurus And Celebrities Are Using That Literally Forces Your Body To Burn More Belly Fat With Effort.
