Genre: Erotic Contemporary To hell with her critics; Taryn James is going to make it in the songwriting industry. If only Brian Macovney weren't standing in her way. Gorgeous he may be, but he's also nasty, trampling on her dreams by insulting her lyrics and all because he once failed to deliver in bed.

It's been five years since Brian had his ego cut down its knees when he failed to perform sexually with Taryn. Now he's forced to see her again, at the Sugarfoot Island songwriting conference, which he attends as a sponsor and she an aspiring songwriter. From nearly the moment of their reunion, Brian recognizes two truths: Taryn is a highly talented songwriter. And Brian's eager to regale her with talents of his own...in his bed, on his balcony, bent over the edge of his Jacuzzi tub... Taryn can't decipher what's hotter, her need for revenge, or the feel of sexy-hot Brian in her arms, their body's joined together and slick with passion. Temptation this good is damned hard to pass up. The rules are firm...

no relations between the conference staff and songwriters...but then the conference hasn't actually started, and weren't rules made to be broken? Publisher's Note: This book contains explicit sexual content, graphic language, and situations that some readers may find objectionable: anal play/intercourse.
