Spiritual warfare requires a supernatural plan of attack, using supernatural weapons, applying supernatural methods, and releasing supernatural ability. When we use God's weapons and His way, we win! That message is at the core of this important book by renowned Bible teacher Marilyn Hickey. Within its pages, you will see the devil exposed for the deceiver and destroyer he is, while teaching you how to make yourself armed—with the Word of God—and dangerous—identifying and using the spiritual weapons God has provided.

Don't allow the enemy of your soul to use and abuse you. Prepare yourself for battle—one you are poised to win overwhelmingly—by discovering who your enemy is and adopting a biblical plan for taking back your life!
