Gregori learned all about pain and submission in Communist Russia, but it wasn't until he came to America that he was able to make sense of those ons. Now he's learned to take the pain and make it the source of his strength, and he's looking for the Domme who can command his soul as well as his body. Megan sees D/s as a power play; for her it's not about sex, it's all about control. She's not the Domme for Gregori, she knows it. So why can't she walk away from the sexy Russian? Because all she wants is Gregori's Velvet Submission. Molten Silver: Warning: this book contains a wicked-hot Russian submissive who always gets what he wants, a steel magnolia of a Domme who knows how to put on a show, anal and sensation play, and a good ole boy who gets schooled.
