From the creators of DINOSAURUMPUS! comes their new Halloween picture book about counting. "Listen! Hush! Oooh, what's that sound? The midnight spooks are coming round." Tony Mitton and Guy Parker-Rees team up again to create another fun-filled book. Halloween is the setting as kids rhyme their way through the night and to a spook-filled birthday party. Emphasized sounds such as "CLICKETY CLACK" and "HISSSSS!" will allow younger children to enjoy the fun of reading. Parker-Rees's illustrations, in the tradition of DINOSAURUMPUS! and K IS FOR KISSING A COOL KANGAROO, are sure to delight.
