NOTE: Alternate Cover Edition CIA operative Nathan Nelson has built his life on secrets. Secrets about events that have shaped him into the man he has become. Events that taught him to keep his shields up. He has kept them buried in the past and nobody—not even Cassandra Bauer, the woman he claimed to love—knows of them. Now, those secrets have come barreling down on him at the worst of times. Foreign Service Specialist Rachael Moore's personal crusade puts her in the crosshairs of very dangerous people.

She would risk everything to achieve her goal even if it means exposing her battered heart and deeply concealed dreams to a man who doesn't know the meaning of love. Unbeknownst to both, their reconnection may not only bridge the chasm between the two of them, but shed light on a puzzling mystery. Their perilous journey becomes a race for their lives, leading them into a conspiracy rooted deeper than the tangled emotions between them. Will their collaboration shatter the tenuous link woven in the past or forge a bond they never expected could exist in the future?
