Pretty had just gotten out of a yearlong relationship, with one of the hottest dope boys in the city, but that fairytale went dead fast, from Tray hating ass baby mother, and the lies the hoes in the city told on Pretty, her and Tray's relationship ended fast. Soon as Pretty was getting herself back together that's when she meets Marquis. It started off good but as time went on, his drama unfolded little by little, Pretty got Marquis in so many messed up situations. Marquis and Pretty have been on one hell of a ride these past four years, from baby mother drama, to side bitch drama, even ex best friend drama, just drama all over. Lies that Marquis and Pretty told each other, that one lie Marquis told turned Pretty into a beauty disaster.

From high speed chases, to a fake pregnancy, from Pretty putting Marquis out to move her boyfriend at the time Bart in. These two people did a lot of hurtful things to each other, so many lies and hurt from two people who claim they love each other. The lies we tell and the secrets we keep, until it all hit Marquis in the face, from a baby out of nowhere, to being addicted to coke and drinking all day. To Marquis wanting to kill himself, Pretty has went through a lot until she got fed up.

Marquis did the ultimate betrayal to Pretty by messing with her cousin. One little lie can ruin your whole life with a blank of an eye.
