Can Julie, an only child raised with privilege and groomed for high society, and Robby, a coal miner's son, escape the binds of their socioeconomic backgrounds? Set in a coal mining community in West Virginia in the 1950s, can their love survive their cultural boundaries? This is a tragically beautiful love story of a simple yet deep love between soul mates, Robby and Julie. The American South's rigid caste system and her mother demand that Julie chooses to marry an ambitious young man from a prominent and suitable family. Julie counters her mother's stringent social rules with deception and secrets in order to keep Robby in her life. Can the couple break the shackles of polite society and spend their lives together? Will Julie's mother ever accept Robby? INCLUDES DISCUSSION QUESTIONS
