Shadow Mountain Ranch, near Jessup, California Franzi DeLisle - She's not your typical rancher - she raises mules.

But then, there's nothing typical about Franzi, from her skill as a tracker to her distrust of lawmen. She's tough and self, sufficient to a fault...because she has to be. Levi Hunter - U.S. Marshal. City slicker. Horse-lover and all-around traditionalist. He's a lawman on a mission...chasing a vicious killer who's escaped into the Sierra Nevadas. When Franzi insists on helping Levi track his quarry, he quickly learns there's only one creature as stubborn as those "ugly, long-eared mules" - and that's Franzi herself!
